## Plenums and Diffusers Available from Stock

With over 5000 GE Frame 5 turbine generators in service in the United States, replacement parts are always in demand. Exhaust Plenums and Diffusers are often in need of repair or replacement.

Since Moran Iron Works anticipates its customer's needs, we keep these parts as stock items to fulfill short lead time orders.

Contact Joe Libby at MIW today for your fabricated turbine component needs.

Stock Plenums at Moran Iron Works in Onaway

A recently completed module for the Consumers Energy Project.

## Highlight's

- Moran Iron Works is excited to announce that it is part of the group putting together the - **WORLD'S LARGEST AIR QUALITY SYSTEM.**
- **\$19 Million Consumers Energy Ductwork project 50% completed.**
- Our Industrial Arts Complex is undergoing building renovations, with the prospect of our trade school opening in the near future.

## Employee Corner Presents

### Joe Libby- Program Manager

As Program Manager (PM) Joe is responsible for special, and turbine related projects. His responsibilities include customer relations, sales, estimating, and project management.

While not typically large projects, these jobs are very important, as they represent balance in the shop along with our larger projects.

Tom VonLisowe, Jodie Buchanan ( and son) , Charlie Nyhus and Chance Mason (not pictured) received the Juried 1st Place Award.

Jill Klein & Eric Stema received the 1st place People's Choice Award.

### See You There...

November 11th- 14th

Orlando, Florida

## M.A.C—1st Annual MIW Art Competition

Moran Iron Works hosted it's 1st annual M.A.C., (MIW Art Competition), on October 24th at the new Industrial Arts Complex. The contest rules were simple; you must be a MIW employee, must do the work completely by yourself or collaborate with other MIW employees, and be willing to display your piece at the competition.

A spectacular turnout by the Moran Iron Works employees and community members set the stage for the tight competition. The atmosphere was thick with good humor and good natured ribbing between co-workers.

Tremendous thought and many hours of labor went into eleven entrees. It was evident that behind the welders, project managers, inspectors and managers- there was obvious talent to express themselves through their chosen mediums.

Congratulations to all those who participated, it was an impressive night!

**We will be closed on  
Thursday, November 28th  
for the Thanksgiving  
Holiday!**
