

Modular Metal Solutions for Generations

P.O. Box 732 11739 M-68/33 Onaway, MI 49765 Phone: 989-733-2011 sales@moraniron.com www.moraniron.com

ABOUT

Moran Iron Works is a dynamic fabrication facility specializing in large, modular, custom welding and industrial fabrication projects. In the marine sector, Moran provides a full range of custom fabrication, repair, conversion, and modification services for all types of commercial and government vessels, barges, and marine equipment.

CORE COMPETENCIES

- Large modular platework fabrication specializing in marine construction, custom fabrication, and repair work
- Worldwide shipping capabilities with logistical advantage of High Wire Corridor and Deep Water Port
- Custom turnkey project solutions from estimating to project management to installation
- Company culture of integrity creates transparency, success, and growth
- Impeccable reputation of quality and safety

DIFFERENTIATORS

Capacity & Workforce Training

Our large indoor facility (125,000 total sq. ft.) and highly-trained workforce allows us to ramp up fabrication quickly and seamlessly. Our unique affiliation with the Industrial Arts Institute, northern Michigan's premier trade school, gives us the ability to educate and train our staff to meet the needs of an ever-changing market.

DIFFERENTIATORS, cont.

Equipment & Facilities

We maintain indoor overhead crane and CNC plasma cutting capabilities. We have access, via a high-wire corridor to our facility at Port Calcite in Rogers City, Michigan for haul-out and launching needs.

Quality

Our management, QC and inspection staff carries Certified Welding Inspector (CWI), Educator (CWE) and Supervisor (CWS) certifications to ensure impeccable quality.

Certifications

We hold corporate and individual certification with the following organizations:

- American Institute of Steel Construction
 - (CBR) Major Steel Bridges
 - (IBR) Certified Bridge Fabricator – Intermediate
 - (FCE) Fracture Critical Endorsement
 - (P2) Sophisticated Paint Endorsement
- American Welding Society
 - Certified Welding Fabricator
- Canadian Welding Bureau
- National Commission Certification of Crane Operators
